

And away they go! This early morning photo of the Battle Ground Bike Club was taken shortly before the group of ten students, four adults and two pre-schoolers left for Washington, D.C., Monday morning. The trip has been coordinated by Syd & Judy

Muzzy and Butch & Ann Hill. This sign, one of three presented to the group by well-wishers, was made by Terri Cresap. On the way out of town after a Main Street "parade", the bikers "cut" through all three posters.
